

F.V. ALLIANCE

We are excited to announce a new collaboration between four grassroots soccer clubs in the Fraser Valley community.

Starting in the 2023 spring season, the clubs – Abbotsford Soccer Association, Chilliwack FC, Tzeachten FC and Abbotsford United S.C. – will be joining forces to provide more opportunities for local players to compete and improve their skills, through the establishment of the Alliance Centre of Excellence (ACE).

The ACE program will begin with a specific focus on players (boys & girls) born in 2011 and will be the forerunner for what the Alliance hopes will be a future BC SPL opportunity for players and families in the Fraser Valley.

Additionally, it is agreed that the Alliance clubs will establish a grassroots Festival program dedicated to the U8-U10 age groups.

We are thrilled to see this collaboration come to fruition and look forward to seeing the positive impact it will have on the soccer community in our area.
